READY FOR AN ADVENTURE?

Study abroad at LMU Munich

"What I've enjoyed most about my stay in Munich is that here history lives and breathes. It is more than just a statue, mural or pages from a book."

William, University of Manitoba

"The best thing I will take home with me is the people. I've had the chance to meet amazing classmates and friends from Munich and all over the world."

Additionally, LMU has given me the opportunity to take exciting and interesting courses that have helped me grow in my professional career."

Nina, Universidad de Buenos Aires

We're looking forward to meeting you!

WHY LMU?

Ludwig-Maximilians-Universität München (LMU Munich) is a university that offers endless opportunities for academic and personal growth.

EXCELLENCE - LMU has consistently been one of the highest ranked universities in Germany and Europe. Being on exchange at LMU means studying in modern facilities, having access to multiple libraries and research centres and learning from the best.

DIVERSITY - At LMU you can not only study a variety of academic subjects ranging from data science to history but you can also be part of a diverse community with around 400 exchange students per semester.

HISTORY - Founded in 1472, LMU Munich is one of the oldest universities in the world. Tradition, however, is coupled with a track record of ground-breaking research, which continues to produce innovation.

WHY MUNICH?

A hiking trip in the Alps? Relaxing at river banks in the sun? Or do you prefer traveling to Prague for spring break?

All this is possible due to the attractive location of LMU at the heart of Munich, the capital city of the Federal State of Bavaria in Southern Germany. The city is loved for its friendly character combining modernity and innovation with a sense for tradition and history. You will not only find world-renowned museums, theatres, castles and art galleries, but also large parks for sports, the *Isar* River for swimming, and beautiful cafés where you can meet your friends.

HOW WE SUPPORT YOU

There is a wide range of support before and during your exchange. For example, learn German and get to know other exchange students at **Study Preparation Programs**, get some help from LMU students via the **LMU Buddy Program**, or socialize and participate in fun trips and activities with student groups like **MESA** and **TutoRIA**.

On our LMU website you can find out more about our exchange programs and how to apply for them via an online application form. Additionally, the Incoming Exchange Team at the International Office of LMU Munich will help and support you with all administrative matters and your questions before, after and during your exchange.

USEFUL INFORMATION

- Although the official language of instruction is German, at LMU Munich you can study without prior knowledge in German – the university offers a wide range of English taught courses in many subject areas!
- As an exchange student at LMU you can not only take courses in your major / minor, but also take 40% of your chosen courses in up to two other subject areas which allows you to benefit academically from an interdisciplinary approach.
- LMU Munich is not a typical campus university. Institutes and departments are scattered throughout the city with the main building being located right in the city centre.
